

OFFICIAL CONFERENCE COMPANION APP

NSE International Conference 2026

Engineering Innovation for Enhanced Security
and Sustainable National Development

DATES

30 Nov – 4 Dec 2026

VENUE

ICC, Maiduguri

PLATFORM

Android · iOS

OVERVIEW

One app for the entire conference

NSE '26 puts everything a delegate needs in one place — the programme, speakers, accommodation, the venue map, concierge services and live updates — while giving the organising committee a built-in admin console to run the event in real time. It is designed to work reliably in Maiduguri, with key content bundled for offline use.

For delegates

A premium, bank-app-grade experience: plan your days, find rooms, book services and stay informed.

For organisers

Role-based admin tools to manage sessions, hotels, menus, announcements and live service queues.

Built to last

Offline-ready assets, secure sign-in and a consistent design system across every screen.

AT A GLANCE

Two products in a single app

2-in-1

Delegate app +
admin console

30+

Fully designed
screens & flows

20+

Hotels ranked,
with photo galleries

Indoor

Venue wayfinding
with “you are here”

Offline

Maps & plans
bundled in-app

Live

Real-time queues
& announcements

DELEGATE EXPERIENCE

Plan your conference

Home dashboard

A calm, glanceable hub: up-next session, latest announcement, quick actions and a search bar.

Schedule & sessions

Filter the full programme by day and track; open any session for details, room and speakers.

Speakers

Browse keynote and technical speakers with bios, roles and their sessions.

My Agenda

Delegates bookmark sessions to build a personal, day-by-day schedule.

Find your way around

Indoor venue map

Interactive floor plans with turn-by-turn wayfinding and a QR “you are here” locator.

Hotels

20+ partner hotels ranked by quality, each with photo galleries, distance and booking info.

Nearby places

Pharmacies, ATMs, food and fuel around the venue, with distances.

Maiduguri guide

A local guide with directions, tips and points of interest for visiting delegates.

Get things done — Concierge

Call an usher

Request on-the-spot assistance from the nearest usher, tracked live to resolution.

Order food

Browse the menu and place meal orders that flow straight to the kitchen queue.

Send an errand

Delegate small tasks to the support team and follow their status in real time.

Transport

Each delegate is assigned a dedicated bus for the conference, simplifying headcounts.

Stay connected & informed

Networking

Topic rooms and direct messages so delegates can connect during the event.

Announcements

Priority updates from the committee, surfaced first on the home screen.

Emergency & safety

One-tap access to emergency, medical and security contacts.

Assistant & FAQ

A built-in chatbot and FAQ answer common questions instantly.

FOR ORGANISERS

A complete admin console

Manage content

Create and edit sessions, speakers, hotels, menus, announcements and emergency contacts.

Live service queues

Kitchen, usher and errand teams work real-time queues with status controls.

Transport control

Configure buses, routes and boarding policy for the whole fleet.

Roles & delegates

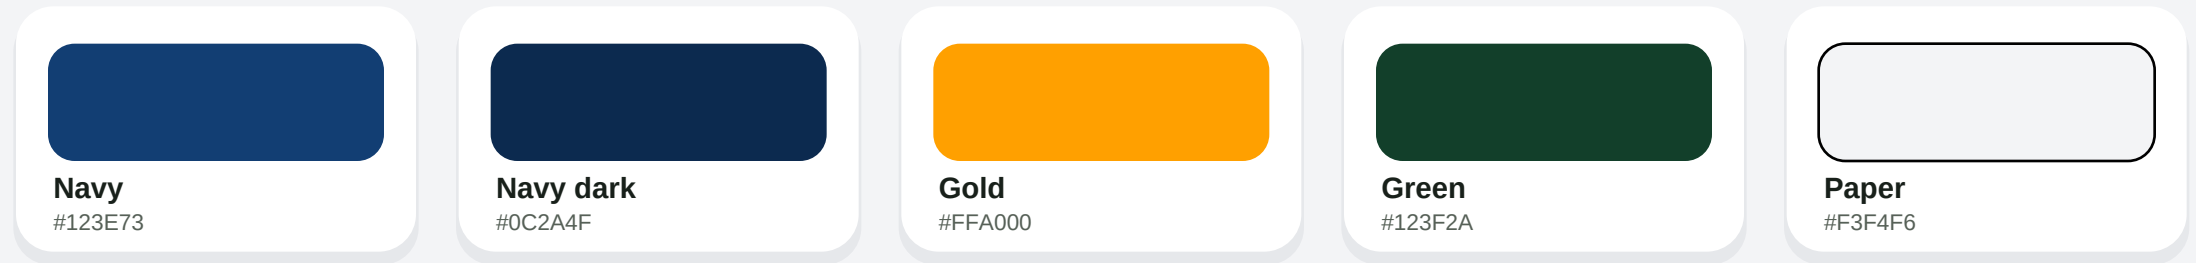

Role-based access and a searchable delegate directory for the committee.

DESIGN & QUALITY

A deliberate, premium design system

Every screen shares one visual language: soft, borderless cards floating on a light canvas, generous spacing, a single accent-driven navigation, and consistent typography — the same attention to detail you expect from a modern banking app.

OFFICIAL PALETTE

TECHNOLOGY Built for reliability in the field

Flutter (Android & iOS)

One codebase, native performance, a single consistent UI on every device.

Supabase backend

Secure authentication, live data and real-time service queues.

Offline-first assets

Hotel galleries, venue plans and the 3D tour are bundled inside the app.

Role-based access

Admin tools are gated by role: program, logistics, kitchen, comms, front desk.

Ready for delegates. Ready for the committee.
